

Webinar Questions and Answers

Security Vulnerabilities and DSS Assessments

Webinar guests submitted several questions before and during the March 12, 2015 Security Vulnerabilities and DSS Assessments session. The following responses are provided by the Center for Development of Security Excellence (CDSE):

Question: Do we know when the Insider Threat Program will be added to NISPOM?

Answer: We are anticipating that it will be published later this fiscal year, but cannot provide additional clarity as DSS does not oversee the process.

Question: Have you heard any good or bad comments back from the new JPAS system?

Answer: We have not received any comments regarding the new JPAS system.
