13. SECURITY GUIDANCE

Add Signature Remove Last Signature Delete All Signatures

The security classification guidance for classified information needed for this effort is identified below. If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes; to challenge the guidance or the classification assigned to any information or material furnished or generated under this contract; and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended.
(Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guides/extracts referenced herein. The field will expand as text is added. When removing any expanded text area, use delete key or backspace key, then click out of the text field for it to shrink after the text has been deleted. Also allows for up to 6 internal reviewers to digitally sign. See instructions for additional guidance or use of the fillable PDF.)

Reference Item 10a - Access to classified COMSEC information requires a final U.S. Government security clearance at the appropriate level. Further disclosure of classified COMSEC information by a contractor, to include subcontracting, requires prior approval from the GCA. Non-accountable COMSEC information, though not tracked in the COMSEC material control system, may still require a level of control within a document control system. Refer to NSA/CSS Manual 3-16, "Control of Communications Security Material," and the Committee on National Security Systems Instruction (CNSS) 4001, "Controlled Cryptographic Items," for guidance. If access to classified COMSEC information is required at government facilities, contractor personnel will follow the security requirements of the host government activity. All contractor employees who require access to classified COMSEC information in the performance of their duties shall receive a COMSEC briefing before access is granted.

Reference Item 11h - The contractor is required to store accountable COMSEC information at their cleared facility in performance of this contract. Additional COMSEC guidance will be provided via separate cover.

Reference Item 11c - Contractor will reference the appropriate Security Classification Guide (SCG) when generating or deriving classified material or hardware. All classified information received or generated will be properly stored and handled according to the markings on the

material. All classified information received or generated is the property of the U.S. Government. At the termination or expiration of this contract, the U.S. Government will be contacted for proper disposition instructions. The contractor will abide by the following security classification guidance:

-U. S. Naval Operations Guided Sonar 3.126, dated 4 March 2017 (provided via separate cover)

Performance on this contract shall be limited to the location(s) specified per this DD Form 254 and GCA approved U.S. Government sites.

Contractors shall follow security requirements per the NISPOM and other U.S. Government contractual security regulations as mandated.
