

INSIDER THREAT PROGRAM

OPERATIONS PERSONNEL CURRICULUM / INT311.CU

INT311.CU provides specialized training for analysts and other operations personnel working in Insider Threat (InT) programs.

Students who enroll into INT311.CU will:

Demonstrate a comprehensive understanding of the roles and responsibilities within the InT Program.

Identify viable response options.

Be able to process InT matters while preserving future investigational viability, operational capability and workforce privacy and civil liberties.

Apply analytic standards and critical thinking skills to InT risk management capability.

Understand the fundamentals of counterintelligence awareness and security principles.
