New Products (Fourth Quarter FY21)

Background

The Center for Development of Security Excellence (CDSE) is a nationally accredited, award-winning directorate within the Defense Counterintelligence and Security Agency. CDSE provides security education, training, and certification products and services to a broad audience supporting the protection of national security and professionalization of the Department of Defense (DOD) security enterprise.

CDSE Content Areas: Counterintelligence, Cybersecurity, General Security, Industrial Security, Information Security, Insider Threat, Operations Security, Personnel Security, Physical Security, and Special Access Programs

Highlight Summary

CDSE provides courses and products that keep pace with changing policies and evolving security environments. During the fourth quarter of FY21, CDSE released the following:

- **New Courses:** Personnel Security
- **New Security Shorts:** Physical Security and Insider Threat
- **New Security Awareness Games:** Insider Threat
- **New Webinars:** Insider Threat
- **New Job Aids:** Insider Threat
- **New Case Studies:** Insider Threat

NEW!!

Training Products

Courses

Training to keep security professionals updated on security policy and procedures, delivered online or in-person.

- **New Introduction to DOD HSPD-12 CAC Credentialing (PS112.16)**
  Updated version of eLearning course that provides a basic overview of the Personnel Security Program (PSP), which includes designation of sensitive duties, investigative and adjudicative practices, and security officer responsibilities under the PSP.
  https://www.cdse.edu/Training/eLearning/PS112/
- **New Introduction to Suitability Adjudications for the DOD (PS010.16)**
  Updated version of eLearning course that provides introductory training for individuals responsible for carrying out suitability adjudications within the DOD. It provides instruction on the basic phases of suitability and the responsibilities of the Office of Personnel Management (OPM) and the agency or component during each of these phases.

Security Shorts
Allow security professionals to refresh their knowledge of a critical topic or quickly access information needed to complete a job.

- **Functions of Entry Control Facilities (ECFs)/Access Control Points (ACPs)**
  Description – Explain the function of the four ECF/ACP zones: approach, access control, response, and safety.
  https://securityawareness.usalearning.gov/cdse/multimedia/shorts/ecf/story.html
- **How to Conduct an Inspection – Helpful Tips**
  Description – Provides tips on the formal DOD inspections process to include pre-inspection, inspection, post inspection, and follow-up.
  https://securityawareness.usalearning.gov/cdse/multimedia/shorts/inspection/story.html
- **Insider Threat and Cultural Awareness**
  This interactive story demonstrates the importance of cultural competence when managing risk in a cross-cultural setting and encourages reporting of concerning behavior to the Insider Threat Program.
  https://securityawareness.usalearning.gov/cdse/multimedia/shorts/int-cultural-awareness/story.html

Security Awareness Games
Quick and easy ways to test your knowledge and encourage security awareness at your organization.

- **Targeted Violence Game**
  Players will be presented with fictional situations and options to navigate those situations for the best outcome. These situations can be discussed with both leadership and coworkers.
  https://securityawareness.usalearning.gov/cdse/multimedia/games/kinetic/index.html

Webinars
A series of recorded, live web events that address topics and issues of interest to defense security professionals.

- **2021 Insider Threat Virtual Conference Recordings**
  The 2021 Insider Threat Virtual Conference features senior level speakers and panelists who will present on the current state of DOD, federal, and industry insider threat programs; the importance of cultural awareness in combating the insider threat; strategies for developing positive organizational culture and sub-culture; and resources for training and professionalization of the insider threat practitioner community.
  https://www.cdse.edu/Training/Webinars-and-Conferences/
- **Organizational Culture and Countering Insider Threats**
  The United States Marine Corps Insider Threat Program shares a framework and examples of how organizational culture can counter insider threats.

Job Aids
Security products designed to provide guidance and information to perform specific tasks

- **Potential Risk in Informal Banking and Finance**
  This job aid will focus on the cultural practice of informal banking and how participation in informal financial practices may increase an insider's potential risk of becoming an insider threat.

https://www.cdse.edu/Portals/124/Documents/jobaids/insider/Potential-Risk-in-Informal-Banking.pdf?ver=KvXXLVb4XYIzEwTAXdIpBg%3d%3d

- **Insider Risk Implementation for Food and Agriculture**
This job aid provides guidance for food and agriculture facilities and organizations. It supports the development and implementation of insider risk programs with these critical organizations.
https://www.cdse.edu/Portals/124/Documents/jobaids/insider/Insider-Risk-Food-and-Ag.pdf?ver=-ft0xXAw0CZ31fDiDHGMzg%3d%3d

📖 Case Studies
Analyzed accounts of real-world security activities, events, or threats.

- **Miriam Taha Thompson Case Study**
The Insider Threat team released a new Case Study on Miriam Taha Thompson, which covers the crime, sentence, impact, and potential risk indicators in a case of espionage.
https://securityawareness.usalearning.gov/cdse/case-studies/index.php
- **Christopher Victor Grupe Case Study**
The Insider Threat team released a new Case Study on Christopher Grupe, which covers a case of sabotage.
https://www.cdse.edu/Portals/124/Documents/casestudies/case-study-christopher-victor-grupe.pdf
- **Jean Patrice Delia/Miguel Sernas Case Study**
The Insider Threat team released a new Case Study on Jean Patrice Delia/Miguel Sernas, which covers a case of trade secret theft.
