

New Products (Second Quarter FY22)

Background

The Center for Development of Security Excellence (CDSE) is a nationally accredited, award-winning directorate within the Defense Counterintelligence and Security Agency. CDSE provides security education, training, and certification products and services to a broad audience supporting the protection of national security and professionalization of the Department of Defense (DOD) security enterprise.

CDSE Content Areas: Counterintelligence, Cybersecurity, General Security, Industrial Security, Information Security, Insider Threat, Operations Security, Personnel Security, Physical Security, and Special Access Programs

Highlight Summary

CDSE provides courses and products that keep pace with changing policies and evolving security environments. During the second quarter of FY22, CDSE released the following:

- **New Courses:** Personnel Security, Industrial Security
- **New Webinars:** Personnel Security, Industrial Security
- **New Posters:** Personnel Security
- **New Job Aids:** Personnel Security, Industrial Security
- **New Case Studies:** Insider Threat

NEW!!

Training Products

Training to keep security professionals updated on security policy and procedures, delivered online or in-person.

- **Introduction to Personnel Security (PS113.16)**
This course introduces the management practices and procedures required to administer the DOD Personnel Security Program (PSP) at the military base/installation level. The course provides an overview of the elements of the PSP to include: designation of sensitive duties, investigative, and adjudicative practices.

- **Security Support to International Programs in Cleared Defense Industry (IS181.16)**
This course provides a basic overview of relevant statutes, agreements, executive orders, policies, basic concepts and principles, and the roles and responsibilities of key players in international programs with special emphasis on the responsibilities of DCSA Industrial Security Representatives (ISR).
<https://www.cdse.edu/Training/eLearning/IS181/>

A series of recorded, live web events that address topics and issues of interest to defense security professionals.

- **Mental Health and Your Security Clearance Eligibility**
This webinar discussed stigmas and concerns among security professionals/other cleared personnel that seeking behavioral health treatment could result in a loss or denial of security clearance eligibility.
<https://www.cdse.edu/Training/Webinars-and-Conferences/Webinar-Archive/Mental-Health-and-Your-Security-Clearance-Eligibility/>
- **Industrial Security Webcast: Counterintelligence Awareness and Reporting for NAESOC Facilities**
The session provides standard counterintelligence and reporting requirements for facilities that are assigned to the National Access-Elsewhere Security Oversight Center (NAESOC).
