Q & A

# Introductions

HEY HEY HEY

# Poll Question 1

Are you assigned to the NAESOC?

# Agenda

- Overview of NAESOC
- Benefits
- Focus Areas
- Resources

# NAESOC

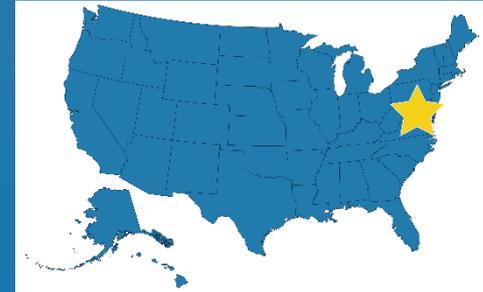

The **National Access Elsewhere Security Oversight Center (NAESOC)** was established in a single location to provide consistent oversight and security management for select facilities who do not possess classified information on-site (“access elsewhere”).

- **Coordinates:** Communications, guidance, and education to facilities and government partners.
- **Provides:** Continuous outreach, consistent direction.
- **Results in:** Improved communications, threat reporting, vulnerability identification, and vulnerability mitigation

**More information:** <https://www.dcsa.mil/mc/ctp/naesoc/>

**Contact the NAESOC Knowledge Center:** (888) 282-7682, option 7 (NAESOC)

The centralized NAESOC provides the most effective method for supporting security oversight for select access elsewhere facilities in the NISP.

- One voice for the director— one resource for the customer
- Leverages Continuous Evaluation vetting
- New training approach for non-possessors

# Customer-Focused

- Dedicated help desk
- Triaged support
- Advise and assistance for government and industry
- Training, awareness, and outreach
- Active monitoring
- Process reportable information
- Conduct compliance engagements
- Perform security vulnerability assessments

A graphic for the National Access Elsewhere Security Oversight Center. It features a dark blue background with a network of glowing nodes and lines. A hand in a suit is shown holding a glowing shield with a keyhole in the center. The text "National Access Elsewhere Security Oversight Center" is written in large, bold, white letters on the left side.

Security Oversight Center**

# Now what?

- Ensure you have a National Industrial Security System (NISS) account
- Effectively report changes
- Establish Insider Threat Program plan
- Conduct annual self-inspection
- Ask questions

# Engagement Layout

Do you have an National Industrial Security System (NISS) account?

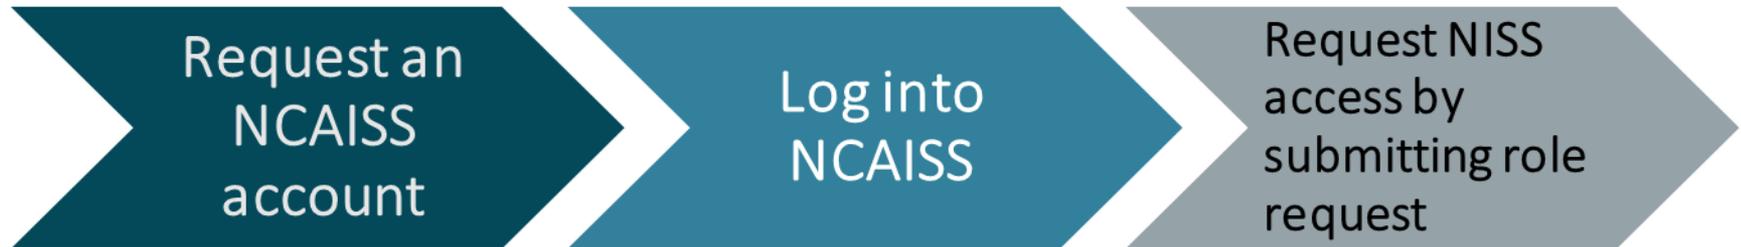

What have you used your NISS account for? (multiple choice)

If you need help, where do you go to get NISS training and job aids? (short answer)

# NISS

- Steps to Requesting a NISS Account/Role:

- Functionality
  - Submit and process facility clearances
  - Update facility profile
  - Report change conditions
  - Message the ISR or NAESOC Help Desk
  - Request an FCL verification
  - Submit annual self-inspection certification

# NISP Reporting

- Facility Profile Update
  - Contact, business (contracts, DD254s), and international (export licenses) information
- FCL change conditions
  - Ownership, legal structure, KMP, address, FOCl, bankruptcy
- Administrative inquiries and security violations
- Potential/Actual Insider Threat Reports
- Adverse information\*
- Suspicious contact reports\*

# FCL Change Condition Essentials

- Only one change condition package can be open
- Answer questionnaire
- For each 'yes' response, ensure supplemental details are provided
- Include supporting documentation
  - Business documents to support security changes (e.g. letter of appointment, meeting minutes)

## Poll Question 2

Do you have a tailored Insider Threat Program?

# Insider Threat (InT) Program

- Plan tailored to your facility to:
  - Gather, integrate, and report relevant and available information
- Insider Threat Program Senior Official (ITPSO)
  - Officially appointed/designated
  - Establishes and executes program
- Insider Threat training
  - Program Personnel
  - Employees
- FSO integral member
- Leadership support

# Conduct Effective Self-Inspection

- **Pre-inspection**
  - Identify security elements to review
  - Meet with leadership
  - Determine the inspection approach
  - Schedule interviews
- **Inspection**
  - Interview cleared and uncleared personnel
  - Request demonstration of procedures followed
  - Use opportunity to educate staff
  - Annotate findings and recommendations
- **Post inspection**
  - Identify vulnerabilities and recommendations to mitigate
  - Provide leadership with report and recommendations
  - Implement recommendations
  - Upload self-inspection and senior leadership letter in NISS
